HF	Opening Day for Lidsdale siding to be confirmed and sent out to CCC members or a different site visit to be organised	Action documented.
MH	Advised he will be seeking feedback on the Lidsdale Siding Rehabilitation Management Plan.	DW enquired whether the plants come from the Community Nursery. MH to consider the supply of plants from community Nursery during rehabilitation work.
DW	Shield Tree identified by Site Protection Board. Asked if the tree could be protected? maybe fenced off.	MH advised that a Western Region Cultural Heritage Management Plan has been developed. The mitigation/protection measures are defined in consultation with aboriginal groups. MH will investigate the location

Raised by	Comment/Question	Response(s)
		and determine appropriate strategy if on Centennial Land.

### 8. Angus Place

NC provided a presentation on Approvals, Ventilation Facility and Environmental Monitoring results including Water and Air Quality, Noise, Flora and Fauna and Subsidence.

Raised by	Comment/Question	Response(s)
IC	Asked if having any problems with approvals getting continuity?	BN explained that the MOD 4 Approval has developed to ensure mining continuity and that we will continue to adapt the business plan where possible to minimise interruptions to the business.
IC	Asked about 2 <sup>nd</sup> Shaft being constructed at the ventilation facility?	BN explained that the Pre Sink process has been completed
HF	Any link to low frequency noise?	JLR explained the comprehensive specialist noise monitoring being undertaken independently to determine the source and it is being managed on a regional basis due to overlap with other Centennial sites such as Clarence and Springvale.

### 9. Springvale Coal

TN and JLR provided a presentation on Longwall, Licenced Discharge Points monitoring, Noise complaints, Subsidence Management Plan, Swamp Rehabilitation and overview of the Mine Extension EIS including discussion on Springvale Delta Water Transfer Scheme (SDWTS).

Raised By	Comment/Question	Response(s)	By
IC	Will the SDWTS capacity be downgraded due to Wallerawang Power Station Closure?	JLR – Looking into as part of contract negotiations.	
IC	Can water be discharged to Wolgan Valley?	JLR – The water can only be discharged through the licenced discharge points. Water management is being looked at holistically at a corporate level.
